

DP WORLD AND P&O FERRIES OFFER TO TRANSPORT COVID VACCINES TO UK FOR FREE

STARTS

A spokesperson for DP World, which owns P&O Ferries, said: "We stand ready to support the Government in getting all the necessary vaccines into the UK. What's more, we are willing to do this work for free should we be asked to do so, to help play our part in getting the UK through the pandemic as fast as possible."

About DP World in the UK

DP World in the UK is at the heart of Britain's trading future, providing the right trading infrastructure and smart logistical solutions for our customers. We believe in the UK market and have the ambition and the resources to boost growth, support businesses, create jobs and improve living standards.

We have created a high-quality integrated business – two deep water ports with freight rail terminals at London Gateway and Southampton, a rapidly expanding logistics park and an advanced software business providing online links to customers and border control.

About DP World

We are the leading provider of worldwide smart end-to-end supply chain logistics, enabling the flow of trade across the globe. Our comprehensive range of products and services covers every link of the integrated supply chain – from maritime and inland terminals to marine services and industrial parks as well as technology-driven customer solutions.

We deliver these services through an interconnected global network of 128 business units in 60 countries across six continents, with a significant presence both in high-growth and mature markets. Wherever we operate, we integrate sustainability and responsible corporate citizenship into our activities, striving for a positive contribution to the economies and communities where we live and work.

Our dedicated, diverse and professional team of more than 53,000 employees from 131 countries are committed to delivering unrivalled value to our customers and partners. We do this by focusing on mutually beneficial relationships – with governments, shippers, traders, and other stakeholders along the global supply chain – relationships built on a foundation of mutual trust and enduring partnership.

We think ahead, anticipate change and deploy industry-leading technology to further broaden our digital vision to disrupt world trade and create the smartest, most efficient and innovative solutions, while ensuring a positive and sustainable impact on economies, societies and our planet.
