UIA sums up the results of cargo operations

Ukraine International Airlines sum up the results of cargo and mail operations within the period of IATA Winter 2014/2015 Schedule.

Thus, during winter season – from October 1, 2014, to March 29, 2015, – UIA carried 1226.2 tons of mail and 5040.1 tons of cargo on both cargo and passenger flights. These figures outnumber the previous winter season's figures by 28.5% and 8.5% respectively. Over the period UIA carried 6266.3 tons of commercial cargo.

“UIA aspires to become a responsible partner for its clients, – noted Petr Kucharchuk, UIA Director, Cargo and Logistics. – That's why we are constantly working on upgrading our cargo services. Thanks to UIA vast cargo solutions' portfolio, our team's professionalism and effort, we managed not only to maintain our cargo operations, but also to substantially increase the tonnage of cargo and mail carried despite challenging political and economic situation in Ukraine. We hope in summer 2015 UIA cargo performance will be even more impressive”.
