

Clipper announces e-commerce deal with Westwing

Clipper Logistics has announced a new contract with leading international home and living retailer, [Westwing](#). Based in Germany, Westwing has market leading positions in more than a dozen territories worldwide, including France, Germany and Italy.

Clipper will be responsible for inbound deliveries, repacking, storage and order fulfilment. The contract comes as Westwing expands their operations from Germany into Poland. Clipper's vast experience in retail logistics, and already established and successful operations in mainland Europe, meant they were perfectly placed to implement a solution to meet the needs of the business.

Matthias Siepe, Managing Director of Westwing Germany said: "Clipper's reputation for industry-leading and innovative logistics solutions made them the perfect partner for our new operation in Poland. As one of the leading home and living retailers in Europe, we needed a comprehensive solution, capable of processing and storing high volumes of quality products. Clipper offers us with a reliable, convenient and quality service and we look forward to a successful business relationship."

Tony Mannix – Chief Executive Officer at Clipper commented: "We've worked in mainland Europe for a number of years and established ourselves as a respected logistics solutions providers with pan-european capabilities. Our experience has served us well in being awarded this contract, and in being able to establish and provide the solution needed to Westwing and their customers."

Clipper provide a range of solutions to leading UK, European and Global retailers including the John Lewis Partnership, Asda, Superdry, s.Oliver and ASOS. Clipper has been at the forefront of creating innovative logistics solutions, in-line with evolving customer demands and the fast-paced environment of retail, across the UK and Europe.
