

Air France-KLM-Martinair Cargo launches new opportunities for Winter Schedule 2012

As from October 28th, Air France-KLM-Martinair Cargo launches services to new destinations. We aim to continuously improve our leading network position, by offering high frequencies spanning the globe.

Schedule changes from Paris (CDG)

- Air France will expand the services towards Cancun (CUN) featuring the B77-300 ER from 3 to 4 weekly frequencies.
- Shanghai will see an increase of its frequencies for this Winter 2012 schedule. We will operate 13 flights per week, featuring the B777, instead of 10 flights weekly during Winter 2011.
- We will expand our lower deck to Atlanta (ATL), Bangkok (BKK) and Riyadh (RUH).
- We will continue the freighter changes made in Summer 2012 into the winter program to Atlanta (ATL), Chicago (ORD), Mexico (MEX) and New York (JFK).

Schedule changes from Amsterdam (SPL)

- Harare (HRE) in Zimbabwe will be introduced as a new passenger destination operated by A330.
- In the 747 Combi planning Kuala Lumpur (KUL) will operate two extra frequencies on top of the daily B777 services offering substantial capacity in the Malaysian market.
- We will expand our lower deck capacity towards Cairo (CAI), Rio de Janeiro (GIG), Quito-Quayaquil (UIO-GYE).
- We will operate 6 weekly freighter flights to Hong Kong. From Europe these flights will be operated via our existing maindeck stations in the gulf (SHJ, RUH, KWI). In order to serve the upcoming Indian (pharmaceutical) market, the westbound stretch is operated via India, with new destination Mumbai (BOM) in addition to our current destinations Delhi (DEL) and Madras (MAA).
