

Kerry Logistics secures Joseph Joseph contract

London, UK, Tuesday 4th February 2014 - Kerry Logistics is to work with UK-based designer kitchenware specialist Joseph Joseph.

Kerry Logistics will support the contemporary cookware designer and manufacturers' ongoing expansion programme, providing ocean and air services from China to the UK and the USA.

"Finding a logistics partner who could support our fast growth by offering the required services at competitive pricing was essential," said Lloyd Roberts, Head of Purchasing and Planning, Joseph Joseph.

"Kerry Logistics' operational strength in Asia combined with keen commercial benefits was key in our decision-making, and following a smooth integration we look forward to building our relationship."

Gary Wilcock, Managing Director - Europe of Kerry Logistics, said he was delighted to be working with the Joseph Joseph team and supporting their international growth.

Joseph Joseph was launched in 2003 by twin brothers Richard and Anthony Joseph and sells over 200 products in more than 100 countries.

About Kerry Logistics

Kerry Logistics is a leading logistics service provider in Asia with extensive operations across Greater China and other countries in the region, as well as the largest Hong Kong-based international third-party logistics service provider. It is principally engaged in the integrated logistics and international freight forwarding businesses and has more than 400 service locations in 35 countries and territories supported by a large agency network across six continents. Currently, Kerry Logistics is serving more than 40 of the Top 100 Best Global Brands across a spectrum of industries. Its core competence is to provide customised supply chain solutions to multinational corporations, meeting their needs from sourcing, manufacturing to selling in Asia and across the globe. By managing approximately 39 million sq. ft. of logistics facilities, Kerry Logistics provides customers with reliability and flexibility to support their future expatriation and long-term growth. It has also built a unique cross-border road transportation network in the ASEAN countries and China, providing customers with effective long-haul trucking as well as sea-land and air-land services.
