

Southern Air Names Fred L. deLeeuw Executive Vice President and Chief Financial Officer

Aviation Veteran Joins Global Cargo Air Carrier

June 12, 2013 - Florence KY - Southern Air has named Fred L. deLeeuw Executive Vice President and Chief Financial Officer.

“Fred brings more than 35 years of financial, operational and leadership experience to Southern Air,” said Daniel J. McHugh, Chief Executive Officer. “We look forward to his leadership as we build on the strong financial foundation we have established through cost discipline to support the long-term viability of our company.”

Prior to joining Southern Air, Mr. deLeeuw served as Chief Financial Officer for AirNet Holdings, Inc., where he was a member of the executive leadership team and was instrumental in implementing sustainable financial practices. Previously, Mr. deLeeuw was President and CEO at Big Sky Airlines Co. and held senior leadership positions at Atlas Air Inc., Vanguard Airlines, Inc., Northwest Airlines Corp., Continental Airlines, Inc., and People Express Airlines, Inc.

“I am excited to join a great innovative and professional team at Southern Air,” Mr. deLeeuw said. “We will continue to focus on solidifying our financial outlook, enabling Southern Air to improve our competitive position in our industry.”

Mr. deLeeuw holds a Bachelor’s degree in Finance and an MBA from Arizona State University.

About Southern Air

Southern Air is the first ACMI operator in the world to operate the fuel efficient Boeing 777 Freighter and currently operates four such aircraft on an around-the-world basis for global express delivery provider DHL. Southern Air also operates 747-400F aircraft, and is a premier provider of safe, fuel efficient, intercontinental widebody ACMI/CMI services. Since its inception in 1947, Southern Air has served a blue-chip customer base that includes some of the world’s largest intercontinental air cargo carriers and government agencies. Southern Air and its experienced team of aviation professionals deliver high quality services to global customers, meeting and exceeding their air cargo needs.
