Yusen Logistics established Yusen Logistics Pakistan (Private) Limited in Lahore, Pakistan, on September 1, and opened a branch in Karachi, the main seaport of the country. The company is offering a variety of services, including air and ocean freight forwarding, domestic transportation and customs clearance.

Yusen Logistics opened the new offices to meet the growing demand for logistics services in Pakistan, a member of NEXT11 and an emerging market in which economic growth is predicted. The country is in a strategic location, situated close to various Asian countries and China, as well as neighboring Afghanistan.

Until recently, Yusen Logistics utilized local agencies in Pakistan to provide ocean freight forwarding services for textiles and consumer goods. With the offices, the company will be able to manage its own operations as well as expand its service offerings.

The Group's Medium-Term Business Plan, "GO FORWARD, Yusen Logistics -Next Challenges," positions the Indian Subcontinent as a strategic emerging market area. Yusen Logistics aims to expand the network while enhancing sales capability.
