

## **Yusen Logistics opens new shared user warehouse facility in Wolverton, Milton Keynes**

Yusen Logistics has commenced operations from its new shared user warehousing and distribution facility in Wolverton, Milton Keynes. The new distribution facility will initially service one core customer, who due to their continuing growth are expanding the current range of services provided by Yusen Logistics.

The Wolverton operation will utilise 218,000 sqft and further contributes to Yusen Logistics continued expansion throughout the UK demonstrating their ongoing commitment to customers across their portfolio.

The Wolverton site is owned by one of Yusen Logistics existing customers, who approached Yusen to generate new customers within the building. Yusen Logistics have taken full responsibility for the site in order to support the growth of one of their industrial customers. The Wolverton site gives Yusen Logistics further growth opportunities, with 50,000 sqft currently available for occupation from April 2020.

### **NOTES TO EDITORS**

#### **About Yusen Logistics**

Yusen Logistics is the insight-driven, customer-centric logistics partner to global business. We offer a suite of supply chain solutions delivered with superior quality, insight and expertise.

With the ambition to be the world's preferred supply chain logistics company, we strive for continuous improvement and service excellence across all our operations and activities. We invest in a deep understanding of our customers' business, their customers, the challenges they face and the goals they want to achieve. We use this insight to become an integral part of their success, from strategy through to execution.

We deliver this through an extended range of services from International Freight Forwarding, Contract Logistics, and Supply Chain Solutions to Industry insights covering the full supply chain. And by staying at the forefront of technological and operational innovation, we find a better way to bring our customers even closer to the markets and communities they serve.

With 24,000 employees covering 45 countries and regions and over 550 locations, we are connecting people, businesses and communities to a better future every day.

## INSIGHT INTO ACTION

In short, we create better connections for the future of business.
