

“HANDLING PROCESSES: TIME FOR FRESH THINKING?”

(a mini-conference at Air Cargo Europe, Munich, on 6th June, 2013)

The mini-conference being organized and hosted by Schiphol Cargo at this year's Air Cargo Europe is creating strong interest. We already have confirmed attendance by representatives of major airports, airlines, ground handlers, air cargo truckers and 3PLs.

“HANDLING PROCESSES: TIME FOR FRESH THINKING?” will be moderated by Enno Osinga, and is intended to stimulate debate on the future of ground handling - exploring how it can improve the speed and efficiency of cargo flows in the face of ever-increasing regulatory and financial pressures. The event will adopt the highly-successful “Schiphol Format” employed by Schiphol Cargo at trade missions in India and the recent Air Cargo Africa conference, all provoking lively dialogue and unusual levels of audience participation.

“HANDLING PROCESSES: TIME FOR FRESH THINKING?” takes place on Thursday, June 6th from 10:00 – 11:00, in meeting rooms A61/62, near the main Air Cargo Europe exhibition. Attendance is free.
