

PRESS RELEASE

Istanbul, 12/11/2018

Turkish Cargo Broadens its QEP Accreditation Network.

Offering service to 122 countries and being one of the fastest-growing air cargo brands around the world, Turkish Cargo continues to increase the number of QEP (Qualified Envirotainer Provider) accredited stations that demonstrates their commitment to providing quality services for the transportation of pharmaceutical products.

Having received the QEP accreditation for 15 new stations, including Helsinki Taipei, Vienna, Kuwait, Maastricht, Buenos Aires, Sao Paulo, Tokyo, Chicago, Madrid, Cairo, Roma, Dusseldorf , Budapest, San Francisco.

Envirotainer, a company providing pharma-protective technological solutions, increased the number of its accredited stations to 38. The flag carrier air cargo brand has just presented its reliability in terms of handling of the Envirotainer containers and cold chain shipments, once more.

The containers of Envirotainer, which is an active temperature-controlled containers, demonstrate the achievement and reliability of Turkish Cargo in cold chain shipments. The successful air cargo brand, which has been granted with the IATA (CEIV) Center of Excellence for Independent Validators (achievement of excellence in air cargo pharmaceuticals transportation cold chain) award in Istanbul Hub in 2016, has previously received the QEP accreditation for the most notable stations of the aviation market such as Frankfurt, Mumbai, Istanbul, Brussels and Atlanta.

By acting with its tailored products, it has generated for the consignments containing pharmaceuticals and medical supplies, Turkish Cargo offers air cargo service to more than 300 destinations around the world, thanks to its extensive flight network. Turkish Cargo continues to provide the largest pharmaceutical companies in the world with the shipment quality of the Envirotainer containers it has been using since 2015.
